## FOREWORD

In accordance with the law, the Department of Public Instruction under direction of the State Dental Council and Examining Board has made an effort to register all legal practitioners of dentistry within the State during the last year. A tabulated list of these registrants has been made and a copy is being sent to each one on the list.

It is hoped that each registrant will aid the Department in perfecting the list and also in spreading abroad the information relative to legalized practitioners. This knowledge by the citizens of the Commonwealth will tend to prevent inordinate exploitation by and serious consequences resulting from the activities of illegal practitioners.

Public announcement in each community of the names of its legal practitioners should be considered as a safeguard to the public. Suggestions for improvement on registration and law enforcement are respectfully solicited.

## AN ACT

ALL PRACTITIONERS TO BE  
REGISTERED

"\* \* \* And it shall be the duty of all persons now qualified and engaged in the practice of dentistry, or who shall hereafter be licensed by the Dental Council to engage in such practice in this Commonwealth, to be registered with the said Board of Dental Examiners as practitioners on or before the first day of January, one thousand nine hundred and twenty-two, and thereafter to register with said Board of Dental Examiners in like manner annually on or before the first day of January of each succeeding year. The form and method of such registration shall be provided for by the said Board of Dental Examiners in such manner as will enable the Dental Examining Board to carry into effect the purpose of this act.

Each person so registering with the Board of Dental Examiners shall pay, for each annual registration and for the certificate hereinafter provided, a fee of one dollar, which sum shall accompany the application for such registration. The money thus received shall be used by the Board of Dental Examiners for the purpose of carrying into effect the provisions of this act against unlicensed and unregistered practitioners and for such other purposes, connected with the duties of said board, as it shall deem necessary and advisable.

Upon receiving a proper application for such registration, accompanied by the fee above provided, the said Board of Dental Examiners shall issue its certificate of registration to the applicant entitled to registration, upon which shall be noted the number of the book and the page therein containing the record of such registration. Said certificate, together with its renewals, shall be good and sufficient evidence of registration under the provisions of this act.

Any person who shall practice dentistry without having been registered in accordance with the provisions of this act shall, on conviction thereof before any magistrate, alderman, or justice of the peace in the county where the offense shall have been committed, be subject to a fine or penalty of not less than ten dollars (\$10.00) nor more than one hundred dollars (\$100.00), to be collected by summary conviction as like fines and penalties are now by law collected, or, in case of non-payment of such fine, to undergo an imprisonment in the county jail for a period not exceeding ten (10) days: Provided, That any person so convicted shall have the right of appeal as in other cases of summary conviction \* \* \*."
